Surviving Lockdown

MRS CARTLEDGE
Surviving lockdown....

Here we are, in May 2020

The Coronavirus disease (COVID-19) has taken over.
Reflecting......

You need to keep going.....

BINGLEY GRAMMAR SCHOOL
At the moment, there's a lot going on that doesn't feel great.
If we were honest with ourselves, we’d say that we don’t want to carry on having to keep 2 metres apart from people.

We would like to get our lives back to normal and see all our friends and family.
However, we need to make sure that we continue to social distance in order to avoid infection rates going up and to prevent the virus from spreading.
We still don't know when everything will be completely back to normal, but we do know this from your parents, carers and teachers...

...you are helping in the house by cooking and cleaning. Learning new skills, keeping in touch with your family AND doing all your school work.
Despite it all, you are making the most of this and getting through it the best you can.
It might feel a little disappointing this week, because the restrictions have not been fully lifted, but you are doing so well... keep going!
