Mr Booth’s Head of Year Message

Year 7, Week 7

Hi everyone,

Hope you are doing ok........

You may (or may not?) be aware that it is Mental Health Awareness week and Mrs Cartledge has put some really good slides together on this which I have attached. Please have a good look.....and think.....

Why is kindness so important?

I have put this week's main message in the form of a question to really get us thinking. Kindness can have both small and big effects. It is also something that can be done without any money or the requirement of other things. However, it isn't always easy or the first thing we do as humans. How can we change or improve this?

There are also some really interesting questions in the News Review about measuring the cost of human life. I am very interested in other measurements of human life and happiness. Can we bring everything back to a price or monetary value? Hopefully you have some ideas........

Things to remember
1. Routine (where you can) for school work can be a good idea
2. Keep sending things back for your teachers to look at and mark
3. Ask any questions if you are unsure and tell us if we can help
4. Stay active where you can
5. Stay safe when online and using social media

Stay safe Year 7 and enjoy the weather today if you can.....

Mr Booth
