Mr Booth’s Head of Year Message

Year 8, Week 10

Hi everyone,

I hope you are all doing as well as you can. Really nice to see many of you achieving class charts points for the work you are doing. If you have been a slow starter with your work, then don’t worry and just get cracking from now on......

Please let us know at school if there are any problems or issues preventing you from accessing or completing your work. This is completely normal and we will help where we can.

How have you improved during your time in Year 8?

I have talked in lots of assemblies about improvement in Year 8. This can be improving in lots of different ways. It could be making better decisions, realising some of your weaknesses (we all have them) and trying to work on them, becoming fitter or better on a musical instrument......there are so many ways in which we can look to improve. It is also something we can focus on each day to motivate our actions.

Have a look at both of Mrs Cartledge’s presentations as she has some really interesting things to say about responsibility and an interesting round up of the main news stories.

1. Keep going with your work - it’s great to see so many of you doing well
2. Keep as active as you can
3. Stay safe - and remember this carefully when online

In other important news, this is my last message as your Head of Year. You are now moving into KS4 and starting to become Y9s!

This means both your HoY (Head of Year) and Student Support will change and they will be Mr Parapia and Mr Brown. Good luck on your Y9 journey everyone and it’s been great knowing as many of you as possible for the last year!

Take care
Mr Booth
